

UT4 Thinner

Description

UT4 is a hydrocarbon solvent base mixed with xylene isomers. Excellent to dilute most varnish (U...). Can also be used for cleaning tools and equipment and to clean and degrease surfaces.

Technical data

<i>Color</i>		Incolore, none
<i>Density at 15°C</i>		0.868
<i>Initial boiling point</i>	°C	138.0
<i>50% Distilled</i>	°C	139.1
<i>Dry boiling point</i>	°C	141.0
<i>Flash point</i>	°C	25
<i>Aromatic part</i>	% v/v	99.5
<i>Benzene component</i>	% v/v	NND
<i>N-Hexane component</i>	% w/w	NND
<i>Aniline point</i>	°C	9.5
<i>Kauri Butanol Value</i>		94
<i>Viscosity at 20°C</i>	cSt	0.76
<i>Réfraction index at 20°C</i>		1.495
<i>Vapor pressure at 20 ° C</i>	calc.m.bar	7.0
<i>Lower explosive limit</i>	% v/v	1.0
<i>Upper explosive limit</i>	% v/v	6.5
<i>Auto-ignition temperature</i>	°C	490
<i>Surface tension</i>	mN/m	30.5
<i>Liters / ton at 15°C</i>		1152
<i>Conforms to standard</i>		BS 458/2
